

JOB OFFER (FULL TIME) OPERATIONS MANAGER

CUSTOMERS # DEPLOYMENTS # CCTV

WHO IS DiGEiZ ?

We are growing very fast. DiGEiZ brings Analytics to shopping centres, to let them make the most out of their visitor flows. DiGEiZ's comprehensive solution is an overlay for CCTV powered by real-time Deep Learning algorithms and Business Intelligence dashboards.

TEAM

We are 10 hard workers, sales, deep learners and developers. We love our customers, tomorrow Retail' challenges, high performance programming, Computer Vision, Deep Learning and intuitive dashboards. If you live for building an international leader, come and meet us!

Type: fulltime (CDI)

Start: ASAP

Location: Paris, France

Salary: highly motivating

YOUR MISSION

We will deploy our IA over hundreds of CCTV cameras across a dozen malls over 2019. Our customers expect Enterprise class services, fast and efficient. Your mission is first to do the pre-sales studies needed for closing and second make every one of these deployments a success. You will work hand in hand with the CEO and the CTO.

YOUR RESPONSIBILITIES

- ✳ Coordinate service providers, Dev team, and customers' technical team to prepare the installation
- ✳ Manage deployment of DiGEiZ solution at customers' sites
- ✳ Enhance and develop new strategies, processes & tools to improve DiGEiZ Operations
- ✳ Monitor DiGEiZ Operations through the implementation and analysis of KPI
- ✳ Develop a portfolio of suppliers for hardware and services, manage hardware continuous supply
- ✳ In the long run, recruit and manage the Ops team
- ✳ Report directly to the CEO

QUALIFICATION

- ✳ You are customer minded and you are nice
- ✳ You are team-player and want to build a leader company together
- ✳ You get things done, you are reliable, and you can work under pressure
- ✳ You already supervised deployments of +100 cameras
- ✳ You got Milestone and Genetec certifications
- ✳ You have a +5 year CCTV experience minimum with excellent communication skills
